3. A European Non-Commissioned Officer, transferred from one Native Regiment to another to fill a vacancy, will be entitled to the pay of the rank he held in his old Regiment while in progress to join.

4. The pay of the grade of Serjeant Major and Quarter Master Serjeant will be passed as long as the incumbents retain those ranks in the Corps to which they have been appointed, whether they be present or absent on any authorized leave, but it is to be understood that, except under Medical certificate, leave is on no account to be granted when the indulgence may be productive of inconvenience to the Service or extra expense to the State.

8. A Non-Commissioned Officer, acting as Riding Master, in case of a permanent vacancy, will be entitled to the full allowances of the better situation, but if he acts in the room of a Riding Master on leave, he will be allowed only the pay of his Regimental rank, with horse allowance and the portion of the Staff salary forfeited by the permanent incumbent.

9. Vacancies, caused by the transfer of Serjeant Majors or Quarter Master Serjeants to the Invalid Establishment, or by their being invalided to Europe, are to be filled up under the Rules applicable to Non-Commissioned Officers of European Regiments.

No. 1038.

Notice.

It is hereby notified, that measures are in progress for discontinuing the sale of Salt by retail from the Government Depôts on the Mainland of Bulloah and the Island of Dukhin Shabazpore.

From the 1st January 1855, all the Retail Chokies on the Mainland will be closed with the exception of that at Sooderam, where a Stock of Salt will be stored and sold wholesale and retail till such time as there is reason to suppose that arrangements have been made by private Traders for keeping up a constant and adequate supply. Similarly in the Island of Shabazpore, a single Depôt for the wholesale and retail sale of Salt, will be maintained at Dowlut Khan.

The Salt delivered from the Depôts will, for the present, be Arracan Salt, and the price, Rupees 345 per 100 maunds on purchases of 100 maunds and upwards. Payments on such purchases must be made into the Bulloah Treasury, and Rowannahs to protect the Salt will be granted by the Superintendent of the Bulloah Salt Chokies. For quantities less than 100 maunds, the price will be rupees 3-8 per maund, and the Golah Darogahs will grant Chars for the removal of Salt purchased in such small quantities; but no sales of less than 5 maunds at a time will be allowed.

Rowannah Salt will be allowed free admission both in Shabazpore and on the Mainland, and the prices at the Depôts have been purposely so fixed as to give fair encouragement for a regular trade on the part of private Merchants.

Offg. Junior Secretary.

No. 1039.

Notification.

APPLICATIONS for Licences will be received by the Board of Revenue, and also by the Superintendent of the Barripore Salt Chokies, for transmission to the Board, from parties desirous to engage in the manufacture of Salt under an Excise system. A portion of the Sunderbuns, known as the Tuffal Auranga, of the late 24-Pergunnahs Salt Agency, has been specially set apart for this purpose, and Licences to manufacture will be granted to applicants on the following terms and conditions:—

1. The Sunderbun Lots 131 and 132, in the first instance, afterwards Lot 149, and subsequently Lots 127, 128, 150, 151 and 152, in such order as may hereafter be judged expedient, will be made available for the manufacture of Salt on a system of Excise.

2. Lands suitably situated in the above locality will be divided into allotments of 50 beegahs each and rented at the rate of one anna per beegah, to parties engaging to manufacture not less than maunds 2,000 of Salt per annum. Each new allotment must be contiguous to the one last granted, or as nearly so as the nature of the ground will admit; but any number of allotments may be assigned to a single individual, on his

satisfying the Board of his ability and *bond fide* intention to work them. The rent of the lands must be paid half at the beginning and half at the end of the Season.

3. The supervision of the manufacture will be entrusted to the Superintendent of the Barripore Salt Chokies, assisted by an establishment, whose duty it will be to take an account of the daily manufacture of each Khalary and to prevent mal-practices.

4. The Salt when made, may, at the option and convenience of the Manufacturer, be delivered to purchasers from the Aurungs or stored in Golahs, which will be provided by Government, free of charge; or a Manufacturer may, if he prefers it, under certain conditions, remove his Salt to be stored elsewhere than in the Government Golahs. In each case the following Rules must be observed:—

5. When Salt is sold for delivery from the Aurungs, the amount of duty leviable upon it, at the rate of Rupees 2-8 per maund, must be paid into the General Treasury, and on production of receipts for such payment, Permits will be granted at the Board's Office for the protection of the Salt, in the same manner as in the case of Salt imported by Sea. The weighment on delivery must be made in presence of one of the Supervisor's Officers, and the Permit must be endorsed by the Aurung Assistant.

6. When Salt is to be removed for the purpose of being stored in the Government Golahs (which for the present will be established at Bungundee,) the Boats must be laden and the Salt stamped over in the presence of one of the Supervisor's Officers. It will then be transported to the Golahs by a certain prescribed route under Chellauns, specifying the quantity by Coot measurement. The Chellauns will be numbered and signed and the Boats passed by the Aurung Assistant, who will keep a Register of the Chellauns. On arrival at the Golahs, the despatch will be examined by the Officer in charge of the Golahs, the condition of the Stamps noted, and the Chellaun registered. The Salt will then be weighed into store and the result of the weighment entered in the Chellaun Register, as well as in the Store Account to be kept by the Golah Darogah. The expense of weighing the Salt into store will be borne by the Manufacturer.

7. Each Manufacturer's Salt will be piled in a separate heap and stamped with his own stamp. When a whole Golah is stored with Salt of a single Manufacturer, the Golah will be secured with two locks, one key being kept by the Manufacturer and the other by the Golah Darogah. When a Golah contains the Salt of more than one Manufacturer, there will be only one lock, the key of which will be kept by the Golah Darogah.

8. The Registers of Chellauns kept by the Aurung Assistant, and the Officer in charge of the Golahs, will be carefully compared by the Superintendent, for which purpose Extracts will be sent to him weekly; and if any despatch be daily accounted for, or if any despatch appear to have been tampered with and the quantity received at the Depot from such despatch be deficient as compared with the Estimate, no Salt belonging to the party concerned will be allowed to be delivered from the Depot until the duty payable on the deficient quantity shall have been made good.

9. Salt will be delivered to purchasers from the Golahs, on the production of Permits to be obtained from the Board's Office in the manner described in Rule 5.

10. Wastage at the rates specified in the margin will be allowed in accounting for Salt stored under these Rules, and duty must be paid by the

And an additional allowance at the rate of one maund per annum for Salt kept in store above one year.

Manufacturer on any deficiency beyond the allowed wastage, which may not be accounted for to the Board's satisfaction. For the realization of this duty, a sufficient portion of the Salt may be detained and sold by Government.

11. The Salt of each year's manufacture will be kept separate, in order that the Accounts of each year's store may be duly made up.

12. Manufacturers, who may not choose to store their Salt at the fixed Depot, must make a deposit of the duty in Company's Paper before removing it, and the duty must be paid in full within six months from the close of the Season, that is, before the 1st December of each year. The Salt must be weighed before removal and an excess of 3 per cent. above the quantity registered for duty will be allowed for wastage. Salt so removed will be protected by special Passes, to be filled up and signed by the Superintendent, and after removal will be at the free disposal of the Manufacturer, subject only to the provisions of Section 46 Regulation X. of 1819. Manufacturers intending to remove their Salt under this Rule must give notice to the Superintendent at the commencement of the Season.

13. The manufacture will be closed on or before the 31st May, and all Salt must be removed from the Aurungs not later than the 15th June. Any Salt remaining in the Aurungs after that date will be liable to be destroyed by the Supervisor's Officers.

14. For a breach of any of the provisions of the Rules, the Licence of the party offending will be liable to be immediately withdrawn, and, in the event of smuggling or connivance at smuggling being proved against the Manufacturer or his duly-authorized Agent, the whole of the Salt manufactured or stored by him will be liable to confiscation.

15. Applicants before receiving their Licences will be required to bind themselves to accept and abide by the conditions embodied in the foregoing Rules.

16. Should any individual or Joint Stock Company desire to manufacture Salt on a large scale elsewhere than in the locality above described, Licences will be granted for such manufacture, provided the site chosen appear on enquiry suitable for the purpose, and a compliance with the application be otherwise unobjectionable. The foregoing terms, except in so far as they may be in part modified by special conditions to be entered in the Licence, will be applicable to Licences granted under this Rule.

Legislative Council.

THE 14TH MAY 1854.

THE following Bill was read a second time on the 7th of October 1854, and referred to a Select Committee, who are to report thereon after the 11th of December next :—

A Bill to amend the law relating to the appointment and maintenance of Police Chowkeydars in Cities, Towns, Stations, Suburbs, and Bazaars in the Presidency of Fort William in Bengal.

WHEREAS it is expedient to amend the law relating to the appointment and maintenance of

Police Chowkeydars in cities, towns, stations, suburbs, and bazaars in the Presidency of Fort William in Bengal, It is enacted as follows :

I. In every city, town, suburb, station, and bazaar within the said Presidency, to which the local Government at any time shall think fit, by Notification in the Official Gazette, to extend the provisions of this Act, the following arrangements shall be made for the nomination, appointment, and maintenance of Police Chowkeydars ; and from the time of such Notification, Regulations XXII. of 1816 and VII. of 1817, and Section VI Regulation III. of 1821, and Section IV. Regulation II. of 1832, and Act XV. of 1837, shall cease to have effect in any such city, town, or other place to which this Act shall be extended, except as to any act which shall have

been done, or any liability which shall have been incurred, before that day. Provided always that this Act shall under no circumstances be extended to rural villages within the limits of the Presidency aforesaid.

II. The Government may, by Notification to be published in the Official Gazette, unite for the purposes of this Act any city, town, suburb, station, or bazaar, with any other city, town, suburb, station, or bazaar, or part or parts of a city, town, suburb, station, or bazaar ; and in such case the law applicable to a city, town, suburb, station, or bazaar shall apply to such union.

III. Clause 1.—For the purposes of this Act the local Government may define and declare the limits of any city, town, suburb, station, bazaar, or union, and all occupiers of houses, shops, and buildings within any such city, town, suburb, station, or bazaar as aforesaid, or within such limits as shall be so defined as aforesaid, shall be liable to be rated according to the provisions of this Act for the purpose of maintaining the Chowkeydars appointed to be maintained in such city, town, station, suburb, or bazaar.

Clause 2.—The occupiers of grounds used for the purposes of trade shall be chargeable in like manner, but the occupiers of lands used for the purpose of cultivation or agriculture, or for depasturing cattle, shall not be chargeable.

Clause 3.—If any house or building be let out in portions to different persons, or be let out to or occupied by lodgers or travellers, the person who shall so let the same, or who

shall receive the rents or payments from such lodgers or travellers, may be rated as the occupier of such house or building.

Clause 4.—The Magistrate may cause a number to be affixed to every house or building in any district to which the provisions of this Act shall extend, for the purpose of identifying such house or building in any rate or assessment to be made under this Act, and if any person shall wilfully remove, obliterate, or destroy such number, he shall be punishable summarily by a Magistrate by a fine not exceeding 20 Rupees for every such offence.

IV. Subject to the control of the local Government, the Magistrate may determine the number of Chowkeydars to be maintained in any city, town, or other such place as aforesaid; but the number of Chowkeydars so to be maintained shall not exceed one to every twenty buildings consisting of shops, warehouses, or occupied dwellings.

V. Subject to the control of the local Government the Magistrate may determine the rates at which Chowkeydars appointed under this Act are to be paid.

VI. The Magistrate may determine the total amount required to be assessed in any year in any city, town, or other such place as aforesaid, for the purpose of maintaining the Chowkeydars appointed to be maintained therein, and providing for the establishment and contingencies specified in Sections XXIII. and XXIV. of this Act, together with such sum as the Magistrate may consider necessary to provide against the contingency of losses from defaulters in the current year, and the amount of losses, if any, actually sustained from defaulters in the preceding year.

VII. Clause 1.—The assessment in respect of the occupation of any property under this Act shall not exceed in any one year 5 per cent. on the rateable value of such property.

Clause 2.—The rental at which such property may reasonably be expected to let for one year, subject to the owner's keeping the same in repair, shall be deemed the rateable value thereof.

VIII. The Magistrate may at his discretion exempt from assessment the whole or any of the occupiers of property in any quarter or mohallah included within the limits of any city, town, or other place as aforesaid, or may relieve from the payment of his assessment any occupier who may satisfy the Magistrate that he is unable from poverty to pay the same; but no person shall be exempt from such assessment, or from any process for the recovery of arrears, or of any penalty under this Act, by reason either of descent, or place of birth.

IX. Clause 1.—By a sunnud of appointment drawn up according to the form prescribed in Appendix A. of this Act, or to the like effect, the Magistrate shall nominate and appoint five respectable persons, residing or carrying on business in or near to any such city, town, or other place as aforesaid, or any quarter or other conve-

nient division thereof in such town or place, to be a punchayet for the purposes hereinafter mentioned.

Clause 2.—The Magistrate may appoint any one person whom he may think fit to be a member of the punchayet, notwithstanding such person may not reside or carry on business in or near to such city, town, or other place as aforesaid, or in or near to any such division thereof as aforesaid; and in any case in which he may deem it necessary, he may appoint any three or more persons, not residing or carrying on business in or near to such city, town, or other place as aforesaid, to act as a punchayet for any city, town, or other place as aforesaid, or any division thereof.

X. Clause 1.—The punchayet so appointed, or the majority of them, shall once, in every year, if required so to do by the Magistrate, make out and furnish to the Magistrate, in accordance with the rules laid down in the requisition, a rate or assessment upon the several persons liable to be rated in respect of their occupation of property within the district for which the punchayet shall be appointed, and which rate shall specify the names of the several occupiers of property within the district liable to be rated under the provisions of this Act, and the trade, business, or other description of such occupier, the property occupied, the annual rateable value of such property, and the monthly assessment payable by such occupier.

Clause 2.—The requisition of the Magistrate to the punchayet, to make out such list, shall be in the form marked B, set forth in the Appendix to this Act annexed, or to the like effect.

Clause 3.—The punchayet shall, if required by the Magistrate so to do, instead of making out a new rate in pursuance of Clause 1 of this Section, revise and amend the latest rate or assessment previously published; and after such revision the punchayet shall return the revised or amended rate to the Magistrate.

Clause 4.—The requisition for revising and amending a rate shall be in the form marked C, set forth in the Appendix to this Act, or to the like effect.

XI. On receipt of the aforesaid rate, or revised rate, as the case may be, the Magistrate may amend the rate, and if necessary amend and finally settle the same.

XII. Clause 1.—When the rate, or revised rate, shall have been finally settled, the Magistrate shall sign the same, and shall cause one fair copy thereof, together with a notification prepared according to the form marked D. in the Appendix to this Act, or to the like effect, and written in the language of the district, to be stuck up in some conspicuous place in the district in which the property has been assessed; and another fair copy, together with a like notification, at the nearest Police Thana; and shall also cause a third fair copy to be deposited in his own Office.

Clause 2.—Every assessment under this Act shall stand good for one whole year, and until a new one is made; and in case the occupier of any property included in any assessment shall be changed before a new assessment is made, the new occupier shall be liable in respect of such property for any portion of the assessment which shall have become payable during his occupation instead of the former occupier thereof; and after notification to such person, the Magistrate may cause his name to be substituted in the assessment for the name of the former occupier. Provided that no assessment shall continue in force for a longer period than 12 months from the date thereof, unless the same shall be dated afresh and re-published according to the provisions of Section XII. of this Act; and every rate which shall be re-published shall be deemed a new rate. Previously to the re-publication of any rate, the Magistrate shall cause the same to be revised and amended so far as any amendment shall be necessary in consequence of a change in the occupation of any property included therein.

Proviso.—Any person assessed, who shall be dissatisfied with the rate or assessment, or who shall dispute his occupation of any property or his liability to be rated, may appeal on unstamped paper to the Magistrate, and the Magistrate, after examining such person on oath or solemn affirmation as to the truth of the matters alleged in the petition of appeal, and making such further inquiries as he deems necessary, may confirm the assessment or amend the same. In case the Magistrate confirm the assessment, he may award costs against the appellant. The decision of the Magistrate in such cases shall be final, and no objection shall be taken to the assessment, nor shall the liability of any person to be assessed be questioned in other manner or by any other Court.

XIII. Any person assessed, who shall be dissatisfied with the rate or assessment, or who shall dispute his occupation of any property or his liability to be rated, may appeal on unstamped paper to the Magistrate, and the Magistrate, after examining such person on oath or solemn affirmation as to the truth of the matters alleged in the petition of appeal, and making such further inquiries as he deems necessary, may confirm the assessment or amend the same. In case the Magistrate confirm the assessment, he may award costs against the appellant. The decision of the Magistrate in such cases shall be final, and no objection shall be taken to the assessment, nor shall the liability of any person to be assessed be questioned in other manner or by any other Court.

No appeal shall be preferred after the expiration of one month from the time of the notification of the assessment prescribed by Section XII., or of the notification of the substitution of the name of an occupier under Clause 2 Section XII., unless the Magistrate, upon reasonable cause shown, shall extend the time for preferring such appeal.

XIV. If the Commissioner of Circuit has reason to believe that the assessment of any city, town, or place is generally too high, or otherwise essentially wrong and defective, he may at any time direct the Magistrate to revise the assessment, and the Magistrate shall revise the assessment according to such direction, and if necessary amend the same.

XV. The Magistrate may require the punchayet to revise the assessment at any period during the year; but on every such occasion, he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return, within a stated period, in the form prescribed in Appendix C. of this Act.

XVI. Whenever, during the year, any assessment is revised under the orders of the Commissioner of Circuit, a revised list, together with a notification as prescribed in Section XII., shall be prepared and published in the manner therein directed; and all objections to such revised assessment shall be made and dealt with in the manner prescribed in Section XIII.

XVII. If any person appointed a member of a punchayet refuse or omit to undertake the office, and to perform the duties thereof, or do not, within 15 days from the date of his appointment, show satisfactory grounds for his omission or refusal, or provide such a substitute as the Magistrate approves, the Magistrate may fine such person in a sum not exceeding 50 Rupees, and may levy such fine by the usual process of distress and sale of property.

XVIII. If the persons appointed a punchayet, or a majority of them, refuse or omit, for a period of 15 days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself nominate and appoint Chowkeydars and regulate and revise the assessment, and enforce the same as if it had been regulated or revised in the first instance by the punchayet. Provided that the functions of the punchayet shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this Section.

XIX. Clause 1.—No person shall be bound to act on a punchayet unless he shall reside or carry on business within the limits of the city, town, or other place for which the assessment is to be made.

Clause 2.—No person shall be compelled to serve on a punchayet for more than one year at a time, or within less than three years after the expiry of previous service; but this shall not be taken to prevent any person from serving continuously on a punchayet for any time whatsoever with his own consent.

XX. If a majority of the rate-payers in any district for which a punchayet shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the punchayet appointed to such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

XXI. Clause 1.—If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline, or be unable to act, the Magistrate may nominate and appoint another member to act in his stead, subject to the rules already laid down as to the original appointment of members; but it shall not be necessary on each occasion of filling up a vacancy in the punchayet to issue a new sunnud under Section IX. of this Act.

Clause 2.—The punchayet shall give notice to the Magistrate of any neglect or misconduct on the part of any Chowkeydar within the district for which they are appointed which shall come to their knowledge, and shall also give notice of any vacancy which shall occur in consequence of the death or absence of any Chowkeydar, or from any other cause.

XXII. If any vacancy shall occur among the Chowkeydars employed under this Act, or if the Magistrate intimate that the appointment of a Chowkeydar is required, the punchayet of the district in which such vacancy occurs or such Chowkeydar is required, or the majority of them, shall nominate and appoint a fit person to be Chowkeydar, and shall forward such person to the Magistrate with a descriptive roll, specifying his name, age, place of residence, and previous pursuits, and the Magistrate, after making such inquiries as he thinks fit, may confirm such appointment by an order on the descriptive roll aforesaid. If the person aforesaid appear to the Magistrate to be unfit for the situation to which he has been nominated, the Magistrate may cancel his appointment, specifying in the order for such cancellation the cause thereof, and may direct the punchayet to make a fresh nomination; and if the punchayet do not, within 15 days from the date of such order, nominate such a person as the Magistrate shall approve, the Magistrate may himself nominate and appoint a Chowkeydar to fill the said vacancy.

XXIII. Subject to the approval of the Commissioner of Circuit, the Magistrate may appoint one or more Bakshees or Tax Collectors, and may employ such other establishment for preparing, or assisting the punchayet in preparing, the rates, for copying the same, for collecting the amount assessed, keeping the accounts and records, paying Chowkeydars, and otherwise carrying out the purposes of this Act, as may seem to him necessary.

XXIV. The Magistrate may further incur any reasonable expense in the purchase of stationery, in providing badges, dresses, and weapons for the Chowkeydars, and for any other contingencies that may seem to him necessary.

XXV. After paying the wages of the Chowkeydars and defraying the charges specified in the preceding two Sections of this Act, should any surplus remain, the Magistrate may, with the sanction of the local Government, appropriate such surplus to the purposes of cleansing the district, or of lighting or otherwise improving the same.

XXVI. The Bakshees appointed under this Act shall be employed exclusively in the duties hereinafter described. They shall be responsible to the Magistrate, and subject only to his orders.

XXVII. The Bakshees shall prepare, from the lists hereinbefore mentioned and referred to, a general register, to be attested by the Magistrate or his Deputy or Assistant. This register shall contain the names of all persons assessed, so far as they can be ascertained, the property in respect of which

the rate in each case is assessed, the amount payable monthly by each person, and the names and number of Chowkeydars maintained in each district, and shall be kept in the form prescribed in Appendix E.

XXVIII. On the first of each calendar month, or so soon after as possible, the Bakshee shall proceed in person, or through some one or more of his office establishment, to collect the amount due for the current month from each person assessed; and for all sums so collected, the Bakshee shall grant a receipt under his seal and signature.

XXIX. The Bakshee shall immediately remit to the Magistrate all sums of money collected either by himself or by any one of his establishment, and the Magistrate, or some officer of his establishment authorized on that behalf, shall give the Bakshee a receipt for every sum of money so remitted. The Magistrate shall also cause all such sums of money to be credited to a separate Fund, to be called the Chowkeydaree Fund of the district, in or on account of which they are collected.

XXX. The Bakshee shall cause all Chowkeydars employed under this Act, within 10 miles of the Sudder Station, to attend at the Cutcherry of the Magistrate on the fifteenth day of each calendar month, and shall there, in presence of the Magistrate or of his Deputy or Assistant, pay them the wages due to them up to the close of the preceding month, and shall at the same time take the receipt of each Chowkeydar in an official register of receipts prepared for the purpose; and the Magistrate, or his Deputy or Assistant, shall attest the correctness of the receipts by his signature.

If more than 10 miles from Sudder Station. Chowkeydars employed at greater distances than 10 miles from the Sudder Station shall be paid in like manner in the presence of the Darogah or Mohurir of the Thannah to which they are attached, and in such cases the Darogah or Mohurir aforesaid shall attest the register of receipts. The words "Sudder Station" in this Section shall be held to include the head-quarters of any Sub-division in charge of an Assistant or Deputy Magistrate.

XXXI. The Bakshee shall prepare all summonses and processes to be issued against defaulters, and shall make the usual return thereto, and shall keep a regular account of all distresses levied and sales made by him for the realization of arrears, and shall also perform any other duty connected with the purposes of this Act that the Magistrate directs.

XXXII. On the 10th of each calendar month, or as soon after as possible, the Bakshee shall deliver to the Magistrate, in one list, a statement of all defaulters, the district in which they reside, and the amount due from each. This statement shall be in the form prescribed in Appendix F. of this Act.

XXXIII. On receipt of the aforesaid list, the Magistrate shall issue a summons, according to the form G. appended to this Act, against each of the defaulters therein mentioned, requiring them either to pay the demand or to attend at his Cutcherry within three days from the date thereof to show cause for their refusal.

XXXIV. When any notice of demand, summons, or other proceeding of any kind whatsoever, with respect to any taxes under this Act, is to be issued to the occupier of any premises, if his name be not certainly known, it shall be sufficient to address such proceeding to him by the description of the occupier of the premises (naming or describing them) in respect of which such proceeding is issued, without further name or description of such occupier; and such proceeding may be duly served as hereinafter mentioned. And every summons, or notice of demand, may be served personally upon the person to whom the same is addressed, or left with his door-keeper, or some inmate of his place of abode or business; and when any Bukshes or his officers or servants shall be unable to serve any summons or notice of demand, as herein directed, such summons, or notice of demand, shall be deemed to have been duly served upon proof that the same was fixed on some conspicuous part of such place of abode or business, or of the premises in respect of which the assessment shall be made, a reasonable time before the day fixed for the appearance of the person summoned.

XXXV. If any defaulter fail to appear in answer to the summons specified in Section XXXIII. of this Act, or having appeared, fail to satisfy the Magistrate that no arrear is due from him, the Magistrate may issue a warrant to the Bukshes, in the form H. of the Appendix, authorizing him to levy the whole or any part of the demand by distress and sale of any goods and chattels belonging to the defaulter, or being at any time within the house or buildings, or on the ground in respect of which the arrear is due; and the Magistrate's order as contained in the warrant shall be final.

XXXVI. *Clause 1.*—The Bukshes shall make an inventory of all goods and chattels seized under the Magistrate's warrant, and shall give previous notice of the sale, and the time and place thereof, by beat of drum on two successive days, in the district in which the property is situated. If the arrear be not paid with costs, or the warrant be not in the meantime discharged, or suspended by the Magistrate, all goods and chattels seized shall be sold at the time and place specified, in the most public manner possible; and the Bukshes shall make a return of all such sales to the Magistrate in the form specified in Appendix I. of this Act. The proceeds shall be applied in discharge of the arrears and costs, and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure, and the costs upon every such proceeding shall be such as are mentioned and set forth in Appendix H. annexed to this Act.

Clause 2.—No Bukshes or other Officer in his establishment, nor any Chowkeydar or Officer of Police, shall purchase any property at any sale under the penalty of 50 Rupees upon conviction before a Magistrate or Justice of the Peace.

XXXVII. If no sufficient goods or chattels belonging to a defaulter, or being upon the premises for which he is rated, can be found within the district in which the premises are situate, the Magistrate may issue his warrant to the Nazir of his Court for levying the amount of the assessment, together with the costs of the distress and sale of any personal property or effects belonging to the defaulter, within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any personal property belonging to the defaulter within the jurisdiction of any other Magistrate or Justice of the Peace whatsoever; and such Magistrate or Justice of the Peace shall back the warrant so issued, and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant.

XXXVIII. All goods and chattels, except tools or implements of trade, which may be found upon any premises rated, shall be liable to be distrained for any arrears of assessment made under the provisions of this Act. If they belong to any person other than the person rated, the person rated shall indemnify the owner of such goods and chattels from any damage he may sustain by reason of such distress or by reason of any payment he may make to award such distress or any sale under the same. Provided that no distress shall be made for any arrears due under this Act after the expiration of six calendar months from the time when such arrears became due.

XXXIX. When there is reason to believe that goods and chattels, liable to distress under this Act, are concealed in any zenana, or in any premises, the door of which is locked or barred, the officer charged with the execution of the warrant of distress shall follow, as closely as may be, the rules for the seizure of goods and chattels in like cases, laid down in Section X. Regulation VII. of 1799 of the Bengal Code.

XL. Every person who shall wilfully obstruct or molest any Bukshes, or any of his establishment, in the performance of their duties under this Act, or shall fraudulently conceal, remove, or dispose of any of his property for the purpose of avoiding a distress under the provisions of this Act, shall be liable, on summary conviction before the Magistrate, on his own confession, or on the oath or affirmation of one or more witnesses, to forfeit and pay a penalty not exceeding 50 Rupees.

XLI. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be liable to an action, on account of any defect or want of form in the summons, notice of demand, warrant of distress, inventory, or other proceedings relating thereto.

Fort William, 10th October 1854.

No. 1004 of 1854.—The Honorable the Court of Directors, in sanctioning the recent re-organization of the Department of Public Works, having authorized such arrangements as might be deemed necessary for the general conduct of business connected with the Engineers, as a Corps of Officers, the Most Noble the Governor General in Council is pleased to lay down the following rules on the subject.

2. The Senior Officer of Engineers (not being a General Officer) serving within the limits of the Presidency, is to be Commandant of the Corps of Engineers.

3. The Head Quarters of the Corps of Engineers is to be established at the Head Quarters of the Sappers and Miners.

4. The Commandant of Engineers is not required to reside at Head Quarters, but wherever his particular Office finds him located.

5. All Returns, Reports, &c., which have heretofore been forwarded to the Chief Engineer in Fort William, will be transmitted to the Commandant of the Sappers and Miners.

6. The Ordinary Military business of the Corps of Engineers will be conducted by the Commandant of the Sappers and Miners, who is to prepare and forward to the Commandant of Engineers all Returns, Reports, &c., which require his signature.

7. All Records, Plans, &c., in the Office of the Chief Engineer (with the exception of those relating to Fort William, which will be made over to the Garrison Engineer) are to be transferred to the Head Quarters of the Sappers and Miners.

8. All Engineer Officers unemployed are to be considered as attached to the Head Quarters of the Corps of Engineers; and young Engineer Officers and others ordered to, or required to remain at, the Presidency, are to place themselves under the orders of the Commandant of Fort William, in the absence of the Officer Commanding the Corps of Engineers.

No. 1005 of 1854.—The Most Noble the Governor General in Council having had before him the Proceedings of a Court of Inquiry which was convened in July last at Agra, to investigate into certain charges made by Native Subordinates of the Agra Magazine Establishment, against Major G. L. Cooper, of Artillery, Commissary of Ordnance, alleging the "systematic embezzlement of Stores" from the Agra Magazine, with the knowledge and connivance of that Officer, it has given His Lordship in Council great satisfaction to observe that the Court has declared the charges to be false and malicious, and that His Excellency the Commander-in-Chief entirely concurs in the opinion of the Court.

2. The Governor General in Council most readily exonerates Major Cooper of all imputation of dishonest conduct and of improper motives; but His Lordship in Council must observe that, in lending to private parties Stores, the property of Government, which he is shown to have done without any authority whatever, and without entering those loans in the regular Magazine Books and Periodical Returns, Major Cooper has violated the established Regulations for Magazines and engaged in clandestine transactions, and as a necessary consequence has made false Returns of Stock to the Military Board.

3. The Governor General in Council considers it very necessary to check such irregularities,

not only because they tend to the probability of inflicting loss upon the Government, but because they are likely to be misapprehended, and to bring reproach on the Department, as they have done in the present case. As an example, therefore, in order to deter others from such improprieties, His Lordship in Council is pleased to remove Major Cooper from the 1st to the 2nd Class of Commissaries of Ordnance, and he will rank in the 2nd Class next below Major A. Robertson.

Each new allotment must be contiguous to the one last granted, or as nearly so as the nature of the ground will admit; but any number of allotments may be assigned to a single individual, on his

satisfying the Board of his ability and *bona fide* intention to work them. The rent of the lands must be paid half at the beginning and half at the end of the Season.

3. The supervision of the manufacture will be entrusted to the Superintendent of the Barripore Salt Chokies, assisted by an establishment, whose duty it will be to take an account of the daily manufacture of each Khalary and to prevent mal-practices.

4. The Salt when made, may, at the option and convenience of the Manufacturer, be delivered to purchasers from the Aurungs or stored in Golahs, which will be provided by Government, free of charge; or a Manufacturer may, if he prefers it, under certain conditions, remove his Salt to be stored elsewhere than in the Government Golahs. In each case the following Rules must be observed:—

5. When Salt is sold for delivery from the Aurungs, the amount of duty leviable upon it, at the rate of Rupees 2-8 per maund, must be paid into the General Treasury, and on production of receipts for such payment, Permits will be granted at the Board's Office for the protection of the Salt, in the same manner as in the case of Salt imported by Sea. The weighment on delivery must be made in presence of one of the Supervisor's Officers, and the Permit must be endorsed by the Aurung Assistant.

6. When Salt is to be removed for the purpose of being stored in the Government Golahs (which for the present will be established at Bungundee,) the Boats must be laden and the Salt stamped over in the presence of one of the Supervisor's Officers. It will then be transported to the Golahs by a certain prescribed route under Chellauns, specifying the quantity by Coot measurement. The Chellauns will be numbered and signed and the Boats passed by the Aurung Assistant, who will keep a Register of the Chellauns. On arrival at the Golahs, the despatch will be examined by the Officer in charge of the Golah, the condition of the Stamps noted, and the Chellaun registered. The Salt will then be weighed into store and the result of the weighment entered in the Chellaun Register, as well as in the Store Account to be kept by the Golah Darogah. The expense of weighing the Salt into store will be borne by the Manufacturer.

7. Each Manufacturer's Salt will be piled in a separate heap and stamped with his own stamp. When a whole Golah is stored with Salt of a single Manufacturer, the Golah will be secured with two locks, one key being kept by the Manufacturer and the other by the Golah Darogah. When a Golah contains the Salt of more than one Manufacturer, there will be only one lock, the key of which will be kept by the Golah Darogah.

8. The Registers of Chellauns kept by the Aurung Assistant, and the Officer in charge of the Golahs, will be carefully compared by the Superintendent, for which purpose Extracts will be sent to him weekly; and if any despatch be not duly accounted for, or if any despatch appear to have been tampered with and the quantity received at the Depot from such despatch be deficient as compared with the Estimate, no Salt belonging to the party concerned will be allowed to be delivered from the Depot until the duty chargeable on the deficient quantity shall have been made good.

9. Salt will be delivered to purchasers from the Galahs, on the production of Permits to be obtained from the Board's Office in the manner described in Rule 5.

10. Wastage at the rates specified in the margin will be allowed in accounting for Salt stored under these Rules, and duty must be paid by the manufacturer on any deficiency beyond the allowance, which may not be accounted for to the Board's satisfaction. For the realization of this a sufficient portion of the Salt may be deeded and sold by Government.

11. The Salt of each year's manufacture will be kept separate, in order that the Accounts of each year's store may be duly made up.

12. Manufacturers, who may not choose to store their Salt at the fixed Depot, must make a deposit of the duty in Company's Paper before removing it, and the duty must be paid in full six months from the close of the Season, or before the 1st December of each year. The Salt must be weighed before removal and an allowance of 3 per cent. above the quantity registered duty will be allowed for wastage. Salt so removed will be protected by special Passes, to be made up and signed by the Superintendent, and its removal will be at the free disposal of the manufacturer, subject only to the provisions of Regulation X. of 1819. Manufacturers intending to remove their Salt under this Rule must give notice to the Superintendent at the commencement of the Season.

13. The manufacture will be closed on or before the 31st May, and all Salt must be removed from the Aurungs not later than the 15th June. Any Salt remaining in the Aurungs after that date will be liable to be destroyed by the Board's Officers.

14. For a breach of any of the provisions of these Rules, the Licence of the party offending will be liable to be immediately withdrawn, and, in event of smuggling or connivance at smuggling being proved against the Manufacturer or any authorized Agent, the whole of the Salt manufactured or stored by him will be liable to destruction.

15. Applicants before receiving their Licences are required to bind themselves to accept and abide by the conditions embodied in the foregoing Rules.

16. Should any individual or Joint Stock Company desire to manufacture Salt on a large scale elsewhere than in the locality above described, Licences will be granted for such manufacture provided the site chosen appear on an enclosure for the purpose, and a compliance with the application be otherwise unobjectionable. The foregoing terms, except in so far as they may be modified by special conditions to be inserted in the Licence, will be applicable to all Licences granted under this Rule.

If such letters are posted, they are to be treated as unclaimed letters. It must also be observed, that when, according to the instructions received from Her Majesty's Post Master General, pre-payment is ordered of the Steam postage on letters for despatch by Her Majesty's Contract Mail Steamers, such letters cannot be despatched unless the proper amount of postage is pre-paid by Stamps.

The annexed Table gives full information regarding the rates of Steam postage and the places to which pre-payment is optional or otherwise; by attention to it, all risk of inconvenience will be obviated. It must be remembered that Post Masters have no discretion allowed them: they must act according to the Rules prescribed.

Legislative Council.

7TH OCTOBER 1854.

The following Bill was read a second time on the 7th of October 1854, and referred to a Select Committee, who are to report thereon after the 11th of December next :—

A Bill to amend the law relating to the appointment and maintenance of Police Chowkeydars in Cities, Towns, Stations, Suburbs, and Bazaars in the Presidency of Fort William in Bengal.

WHEREAS it is expedient to amend the law relating to the appointment and maintenance of Police Chowkeydars in cities, towns, stations, suburbs, and bazaars in the Presidency of Fort William in Bengal, It is enacted as follows :

1. In every city, town, suburb, station, and bazaar within the said Presidency, to which the local Government at any time shall think fit, by Notification in the Official Gazette, to extend the provisions of this Act, the following arrangements shall be made for the nomination, appointment, and maintenance of Police Chowkeydars ; and from the time of such Notification, Regulations XXII. of 1816 and VII. of 1817, and Section VI. Regulation III. of 1821, Section IV. Regulation II. of 1832, and Act XV. of 1837, shall cease to have effect in any such city, town, or other place to which this Act shall be extended, except as to any act which shall have

been done, or any liability which shall have been incurred, before that day.
Provided always that this Act shall under no circumstances be extended to rural villages within the limits of the Presidency aforesaid.

II. The Government may, by Notification to be published in the Official Gazette, unite for the purposes of this Act any city, town, suburb, station, or bazaar, or any part or parts of a city, town, suburb, station, or bazaar with any other city, town, suburb, station, or bazaar, or part or parts of a city, town, suburb, station, or bazaar ; and in such case the law applicable to a city, town, suburb, station, or bazaar shall apply to such union.

III. Clause 1.—For the purposes of this Act the local Government may define and declare the limits of any city, town, suburb, station, bazaar, or union, and all occupiers of houses, shops, and buildings within any such city, town, suburb, station, or bazaar as aforesaid, or within such limits as shall be so defined as aforesaid, shall be liable to be rated according to the provisions of this Act for the purpose of maintaining the Chowkeydars appointed to be maintained in such city, town, station, suburb, or bazaar.

Clause 2.—The occupiers of grounds used for the purposes of trade shall be chargeable in like manner, but the occupiers of lands used for the purpose of cultivation or agriculture, or for depasturing cattle, shall not be chargeable.

Clause 3.—If any house or building be let out in portions to different persons, or be let out to or occupied by lodgers or travellers, the person who shall so let the same, or who

"shall receive" the rents or payments from such lodgers or travellers, may be rated as the occupier of such house or building.

Clause 4.—The Magistrate may cause a number to be affixed to every house or building in any district to which the provisions of this Act shall extend, for the purpose of identifying such house or building in any rate or assessment to be made under this Act, and if any person shall willfully remove, obliterate, or destroy such number, he shall be punishable summarily by a Magistrate by a fine not exceeding 25 Rupees for every such offence.

IV. Subject to the control of the local Government, the Magistrate may determine the number of Chowkeydars to be maintained in any city, town, or other such place as aforesaid; but the number of Chowkeydars so to be maintained shall not exceed one to every twenty-five buildings consisting of shops, warehouses, or occupied dwellings.

V. Subject to the control of the local Government the Magistrate may determine the rates at which Chowkeydars appointed under this Act are to be paid.

VI. The Magistrate may determine the total amount required to be assessed in any year in any city, town, or other such place as aforesaid, for the purpose of maintaining the Chowkeydars appointed to be maintained therein, and providing for the establishment and contingencies specified in Sections XXIII and XXIV of this Act, together with such sum as the Magistrate may consider necessary to provide against the contingency of losses from defaulters in the current year, and the amount of losses, if any, actually sustained from defaulters in the preceding year.

VII. Clause 1.—The assessment in respect of the occupation of any property under this Act shall not exceed in any one year 5 per cent. on the rateable value of such property.

Clause 2.—The rental at which such property may reasonably be expected to let for one year, subject to the owner's keeping the same in repair, shall be deemed the rateable value thereof.

VIII. The Magistrate may at his discretion exempt from assessment the whole or any of the occupiers of property in any quarter or mohallah included within the limits of any city, town, or other place as aforesaid, or may relieve from the payment of his assessment any occupier who may satisfy the Magistrate that he is unable from poverty to pay the same; but no person shall be exempt from such assessment, or from any process for the recovery of arrears, or of any penalty under this Act, by reason either of descent, or place of birth.

IX. Clause 1.—By a summons of appointment drawn up according to the form prescribed in Appendix A. of this Act, or to the like effect, the Magistrate shall nominate and appoint five respectable persons, residing or carrying on business in or near to any such city, town, or other place as aforesaid, or any quarter or other convey-

nient division thereof in such town or place, to be a punchayet for the purposes hereinafter mentioned.

Clause 2.—The Magistrate may appoint any one person whom he may think fit to be a member of the punchayet, notwithstanding such person may not reside or carry on business in or near to such city, town, or other place as aforesaid, or in or near to any such division thereof as aforesaid; and in any case in which he may deem it necessary, he may appoint any three or more persons, not residing or carrying on business in or near to such city, town, or other place as aforesaid, to act as a punchayet for any city, town, or other place as aforesaid, or any division thereof.

X. Clause 1.—The punchayet so appointed, or the majority of them, shall once, in every year, if required so to do by the Magistrate, make out and furnish to the Magistrate, in accordance with the rules laid down in the requisition, a rate or assessment upon the several persons liable to be rated in respect of their occupation of property within the district for which the punchayet shall be appointed, and which rate shall specify the names of the several occupiers of property within the district liable to be rated under the provisions of this Act, and the trade, business, or other description of such occupier, the property occupied, the annual rateable value of such property, and the monthly assessment payable by such occupier.

Clause 2.—The requisition of the Magistrate to the punchayet, to make out such list, shall be in the form marked B., set forth in the Appendix to this Act annexed, or to the like effect.

Clause 3.—The punchayet shall, if required by the Magistrate so to do, instead of making out a new rate in pursuance of Clause 1 of this Section, revise and amend the latest rate or assessment previously published; and after such revision the punchayet shall return the revised or amended rate to the Magistrate.

Clause 4.—The requisition for revising and amending a rate shall be in the form marked C., set forth in the Appendix to this Act, or to the like effect.

XI. On receipt of the aforesaid rate, or revised rate, as the case may be, the Magistrate may revise, and if necessary amend and finally settle the same.

XII. Clause 1.—When the rate, or revised rate, shall have been finally settled, the Magistrate shall sign the same, and shall cause one fair copy thereof, together with a notification prepared according to the form marked D. in the Appendix to this Act, or to the like effect, and written in the language of the district, to be stuck up in some conspicuous place in the district in which the property has been assessed; and another fair copy, together with a like notification, at the nearest Police Thana and shall also cause a third fair copy to be deposited in his own Office.

Clause 2.—Every assessment under this Act shall stand good for one whole year, and until a new one is made; and in case the occupier of any property included in any assessment shall be changed before a new assessment is made, the new occupier shall be liable in respect of such property for any portion of the assessment which shall have become payable during his occupation instead of the former occupier thereof; and after notification to such person, the Magistrate may cause his name to be substituted in the assessment for the name of the former occupier. Provided that no assessment shall continue in force for a longer period than 12 months from the date thereof, unless the same shall be dated afresh and re-published according to the provisions of Section XII. of this Act; and every rate which shall be re-published shall be deemed a new rate. Previously to the re-publication of any rate, the Magistrate shall cause the same to be revised and amended so far as any amendment shall be necessary in consequence of a change in the occupation of any property included therein.

XIII. Any person assessed, who shall be dissatisfied with the rate or assessment, or who shall dispute his occupation of any property or his liability to be rated, may appeal on unstamped paper, to the Magistrate, and the Magistrate, after examining such person on oath or solemn affirmation as to the truth of the matters alleged in the petition of appeal, and making such further inquiries as he deems necessary, may confirm the assessment or amend the same. In case the Magistrate confirm the assessment, he may award costs against the appellant. The decision of the Magistrate in such cases shall be final, and no objection shall be taken to the assessment, nor shall the liability of any person to be assessed be questioned in other manner or by any other Court.

Objections how to be made and dealt with. No appeal shall be preferred after the expiration of one month from the time of the notification of the assessment prescribed by Section XII., or of the notification of the substitution of the name of an occupier under Clause 2 Section XII., unless that Magistrate, upon reasonable cause shown, shall extend the time for preferring such appeal.

Limitation of appeal. **XIV.** If the Commissioner of Circuit has reason to believe that the assessment of any city, town, or place is generally too high, or otherwise essentially wrong and defective, he may at any time direct the Magistrate to revise the assessment, and the Magistrate shall revise the assessment according to such direction, and if necessary amend the same.

Commissioner of Circuit may direct general revision of assessment. **XV.** The Magistrate may require the punchayet to revise the assessment at any period during the year; but on every such occasion, he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return, within a stated period, in the form prescribed in Appendix C. of this Act.

Magistrate may direct revision at any time of the year for reasons to be stated. **XVI.** Whenever, during the year, any assessment is revised under the orders of the Commissioner of Circuit, a revised list, together with a notification as prescribed in Section XII., shall be prepared and published in the manner therein directed; and all objections to such revised assessment shall be made and dealt with in the manner prescribed in Section XIII.

Revised list to be published. **XVII.** If any person appointed a member of a punchayet refuse or omit to undertake the office, and to perform the duties thereof, or do not, within 15 days from the date of his appointment, show satisfactory grounds for his omission or refusal, or provide such a substitute as the Magistrate approves, the Magistrate may fine such person in a sum not exceeding 50 Rupees, and may levy such fine by the usual process of distress and sale of property.

Refusal to serve on punchayet how to be punished. **XVIII.** If the persons appointed a punchayet, or a majority of them, refuse or omit, for a period of 15 days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself nominate and appoint Chowkeydars and regulate and revise the assessment, and enforce the same as if it had been regulated or revised in the first instance by the punchayet. Provided that the functions of the punchayet shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this Section.

If punchayet refuse or omit to act, Magistrate may assume their functions. **Provided.** **XIX. Clause 1.**—No person shall be bound to act on a punchayet unless he shall reside or carry on business within the limits of the city, town, or other place for which the assessment is to be made.

Residents only bound to act on a punchayet. **Clause 2.**—No person shall be compelled to serve on a punchayet for more than one year at a time, or within less than three years after the expiry of previous service; but this shall not be taken to prevent any person from serving continuously on a punchayet for any time whatsoever with his own consent.

Limitation of service on punchayet. **XX.** If a majority of the rate-payers in any district for which a punchayet shall be appointed, not being in arrears make application in writing to the Magistrate for the removal of any member of the punchayet appointed to such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

Number of punchayet removable only on application of rate payers. **XXI. Clause 1.**—If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline, or be unable to act, the Magistrate may nominate and appoint another member to act in his stead, subject to the rules already laid down as to the original appointment of members; but it shall not be necessary on each occasion of filling up a vacancy in the punchayet to issue a new sanad under Section IX. of this Act.

Vacancies in punchayet how to be filled. **XXII.** If any member of a punchayet shall be absent from the office for a period exceeding 15 days, the Magistrate may, if he think it expedient, suspend such member from the office, and may appoint another member to act in his stead, subject to the rules already laid down as to the original appointment of members; but it shall not be necessary on each occasion of filling up a vacancy in the punchayet to issue a new sanad under Section IX. of this Act.

Clause 2.—The punchayet shall give notice to the Magistrate of any neglect or misconduct on the part of any Chowkeydar within the district for which they are appointed which shall come to their knowledge, and shall also give notice of any vacancy which shall occur in consequence of the death or absence of any Chowkeydar, or from any other cause.

XXII. If any vacancy shall occur among the Chowkeydars employed under this Act, or if the Magistrate intimate that the appointment of a Chowkeydar is required, the punchayet of the district in which such vacancy occurs or such Chowkeydar is required, or the majority of them, shall nominate and appoint a fit person to be Chowkeydar, and shall forward such person to the Magistrate with a descriptive roll, specifying his name, age, place of residence, and previous pursuits, and the Magistrate, after making such inquiries as he thinks fit, may confirm such appointment by an order on the descriptive roll aforesaid. If the person aforesaid appear to the Magistrate to be unfit for the situation to which he has been nominated, the Magistrate may cancel his appointment, specifying in the order for such cancellation the cause thereof, and may direct the punchayet to make a fresh nomination; and if the punchayet do not, within 15 days from the date of such order, nominate such a person as the Magistrate shall approve, the Magistrate may himself nominate and appoint a Chowkeydar to fill the said vacancy.

XXIII. Subject to the approval of the Commissioner of Circuit, the Magistrate may appoint one or more Bukshes or Tax Collectors, and may employ such other establishment for preparing, or assisting the punchayet in preparing, the rates, for copying the same, for collecting the amount assessed, keeping the accounts and records, paying Chowkeydars, and otherwise carrying out the purposes of this Act, as may seem to him necessary.

No. 1013 of 1854.—The Most Noble the Governor General in Council is pleased to publish for general information the following communications from the War Office, received with a Military Letter from the Hon'ble the Court of Directors, to the address of the Government of India, No. 16, dated the 26th July 1854, etc. :—

CIRCULAR NO. 1163.

WAR OFFICE,

12th June 1854.

Schools, General, No. VI.

SIR,

1.—In transmitting herewith for your information and guidance, copies of New Army School Regulations, I am directed to draw your particular attention to the chief alterations to be effected thereby.

2.—School-masters, instead of as before, being classed as Garrison, Regimental and Assistant, will be divided into four classes, the fourth class being Assistant School-masters.

3.—Each of these classes will have a different rate of pay assigned to it, and promotion to the higher classes will be made by the Secretary at War, for good conduct and ability only.

4.—The pay of each class will be as follows :—

	<i>s. d.</i>
First class School masters, ...	7 0 a day.
Second class ditto, ...	5 6 "
Third class ditto, ...	4 0 "
Fourth class (Assistant School-masters)	2 0 "

5.—The first class School-masters will receive warrants from the Secretary at War, which will

entitle them to be classed as Warrant Officers, and to rank next to a Commissioned Officer; and will bring them specially under certain clauses of the Articles of War.

6.—Instead of being clothed in the uniform of their respective Regiments, all School-masters will, when they are entitled to their next issue of clothing, receive a plain uniform of one general character.

7.—The fees paid by Soldiers who attend School, three-fourths of which fees have hitherto been paid to the School-master, will henceforward be wholly credited to the public.

8.—The allowance to the School-master for instructing, or superintending the instruction of the female children, will be discontinued; but he will not be relieved from the performance of this duty.

9.—Beer money is not in future to be issued to any class of trained School-masters.

10.—Notwithstanding the above-mentioned deductions from the former emoluments of the School-master, the increase of pay and pension now awarded will be an increase over his previous average receipts; while the prospect of promotion (depending upon his own conduct and exertions), and the fixed nature of his income, will greatly improve his situation.

11.—You will observe that the payment hitherto required from voluntary attendants at the School for the cost of copy-books will no longer be demanded; it being considered desirable to afford every proper encouragement to voluntary attendance.

12.—The allowance to the School-mistress will remain the same as before; but she will not be required to provide out of it materials and implements of work, which will be paid for by the public.

13.—The new Regulations will take effect from the 1st July 1854.

14.—In conclusion, I am to observe, that the Secretary at War feels that the success of the present system of Army Education, by means of trained Masters, depends in a great degree upon the interest taken in its operation by the Commanding Officers of Regiments or Garrisons; and I am accordingly to express Mr. Sidney Herbert's earnest hope, that you will co-operate with him in endeavouring to promote this important object, the attainment of which he has had chiefly in view in the alterations pointed out in this letter, in the position, rank and pay of the trained School-master.

I have, &c.,

No. 1017 of 1854.—The Most Noble the Governor General of India in Council is pleased to lay down the following rules regarding the pay and passage from India of European Soldiers of Her Majesty's and the Honorable Company's Services enlisted in Europe, who may obtain a free discharge.

1. Soldiers who obtain a free discharge will be entitled to their pay and rations to the date on which they may embark, provided they do so within two months of their arrival at the port of embarkation, after which all claim to pay or subsistence of any kind will cease.

2. In order to prevent as far as practicable the detention at the Presidency of Soldiers desirous of embarking for England or the Colonies, it will be ascertained, under the orders of His Excellency the Commander-in-Chief, periodically from the Marine Department, through the Quarter Master General of the Army, when ships are most likely to sail from the different ports, in order that the Soldiers may be warned, and thus deterred from taking their discharge and proceeding to the Presidency at a time when there may be no probability of procuring a passage.

3. All men who may have been two months at the Presidency will, on the expiration of that period, be furnished by the Town Major or the Brigade Major, Queen's Troops, as the case may be, with the confirmed parchment certificates of discharge, and they are not, under any circumstances, to be included in the arrangements for embarking men of Her Majesty's Service for the Australian Colonies under Military control, who may have more recently arrived at the port of embarkation.

4. Men obtaining free discharge can claim a free passage to England only; but in cases when His Excellency the Commander-in-Chief may recommend the indulgence, a free passage to any of the Colonies will, as at present, be allowed to them, provided the cost does not exceed that of passage to England.

5. On the arrival of the men at the Presidency, the Town Major or Brigade Major Queen's Troops, as the case may be, will apply at once to the Super-

intendent of Marine through the department of the Quarter Master General of the Army for passage to the place to which the men are allowed to proceed. The Superintendent of Marine will provide passage if practicable or intimate his inability to do so, and in the latter case the men will have to make their own arrangements for passage, and will be allowed towards the cost of it such sum as the Superintendent of Marine may certify to be the average cost of a passage to England at the time if one be procurable, or the average cost during the preceding season.

6. This allowance will be payable to the agent of the ship on a certificate that the men have embarked.

7. A free passage or an allowance as above explained will be granted for Soldiers' wives and legitimate children, including in the latter term their unmarried daughters of whatever age, their sons under the age of fourteen years and such of their sons above that age as may be crippled or ill.

8. Soldiers who have embarked and who return in consequence of the ship putting back from sea will be allowed pay and rations only for any portion of the two months subsequent to arrival at the Presidency, which may have remained unexpired on the date of their embarkation. Should they have received pay for the full two months, they will have no claim on the State after their return.

9. Should the number of discharged Soldiers of Her Majesty's Service wishing to proceed to Australia amount to thirty or upwards, but in no other case, (and provided these men embark within the period of two months, with reference to paras 2 and 3 of this order,) they will be allowed, when such an arrangement may be practicable, to proceed to their destination under charge of an Officer, ordinarily of the Company's Service, who may be proceeding to those Colonies.

10. Soldiers of Her Majesty's Service embarking for the Australian Colonies under the charge of an Officer, will not be provided with their discharge certificates prior to embarkation, but these certificates will be made up to the last day of the month, two months in advance of that on which the party embarks and will be given to the Officer in charge for delivery to the men with the balance of their pay on arrival at their destination.

The above rules are to be considered applicable to the three Presidencies.

No 1038.
Notice.

It is hereby notified, that measures are in progress for discontinuing the sale of Salt by retail from the Government Depôts on the

Mainland of Bullooah and the Island of Dakhin Shabazpore.

From the 1st January 1855, all the Retail Chokies on the Mainland will be closed with the exception of that at Sooderam, where a Stock of Salt will be stored and sold wholesale and retail till such time as there is reason to suppose that arrangements have been made by private Traders for keeping up a constant and adequate supply. Similarly in the Island of Shabazpore, a single Depôt for the wholesale and retail sale of Salt, will be maintained at Dowlut Khan.

The Salt delivered from the Depôts will, for the present, be Arracan Salt, and the price, Rupees 345 per 100 maunds on purchases of 100 maunds and upwards. Payments on such purchases must be made into the Bullooah Treasury, and Rowannahs to protect the Salt will be granted by the Superintendent of the Bullooah Salt Chokies. For quantities less than 100 maunds, the price will be rupees 3-8 per maund, and the Golah Darogahs will grant Chars for the removal of Salt purchased in such small quantities; but no sales of less than 5 maunds at a time will be allowed.

Rowannah Salt will be allowed free admission both in Shabazpore and on the Mainland, and the prices at the Depôts have been purposely so fixed as to give fair encouragement for a regular trade on the part of private Merchants.

By Order of the Board of Revenue,

A. R. YOUNG,
Offg. Junior Secretary.

Fort William,
The 25th September 1854.

No. 1039.

Notification.

APPLICATIONS for Licences will be received by the Board of Revenue, and also by the Superintendent of the Baripore Salt Chokies, for transmission to the Board, from parties desirous to engage in the manufacture of Salt under an Excise system. A portion of the Sunderbuns, known as the Tuffal Aurungs, of the late 24-Pargunnahs Salt Agency, has been specially set apart for this purpose, and Licences to manufacture will be granted to applicants on the following terms and conditions:—

1. The Sunderbun Lots 131 and 132, in the first instance, after wards Lot 149, and subsequently Lots 127, 128, 150, 151 and 152, in such order as may hereafter be judged expedient, will be made available for the manufacture of Salt on a system of Excise.

2. Lands suitably situated in the above locality will be divided into allotments of 50 beegahs each and rented at the rate of one anna per beegah, to parties engaging to manufacture not less than mounds 2,000 of Salt per annum. Each new allotment must be contiguous to the one last granted, or as nearly so as the nature of the ground will admit; but any number of allotments may be assigned to a single individual, on his satisfying the Board of his ability and *bona fide* intention to work them. The rent of the lands must be paid half at the beginning and half at the end of the Season.

3. The supervision of the manufacture will be entrusted to the Superintendent of the Baripore Salt Chokies, assisted by an establishment, whose duty it will be to take an account of the daily manufacture of each Khalary and to prevent mal-practices.

4. The Salt when made, may, at the option and convenience of the Manufacturer, be delivered to purchasers from the Aurungs or stored in Golahs, which will be provided by Government, free of charge; or a Manufacturer may, if he prefers it, under certain conditions, remove his Salt to be stored elsewhere than in the Government Golahs. In each case the following Rules must be observed:—

5. When Salt is sold for delivery from the Aurungs, the amount of duty leviable upon it, at the rate of Rupees 2-8 per mound, must be paid into the General Treasury, and on production of receipts for such payment, Permits will be granted at the Board's Office for the protection of the Salt, in the same manner as in the case of Salt imported by Sea. The weighment on delivery must be made in presence of one of the Supervisor's Officers, and the Permit must be endorsed by the Aurung Assistant.

6. When Salt is to be removed for the purpose of being stored in the Government Golahs (which for the present will be established at Bangundee,) the Boats must be laden and the Salt stamped over in the presence of one of the Supervisor's Officers. It will then be transported to the Golahs by a certain prescribed route under Chellans, specifying the quantity by Coot measurement. The Chellans will be numbered and signed and the Boats passed by the Aurung Assistant, who will keep a Register of the Chellans. On arrival at the Golahs, the despatch will be examined by the Officer in charge of the Golahs, the condi-

tion of the Stamps noted, and the Chellan registered. The Salt will then be weighed into store and the result of the weighment entered in the Chellan Register, as well as in the Store Account to be kept by the Golah Darogah. The expense of weighing the Salt into store will be borne by the Manufacturer.

7. Each Manufacturer's Salt will be piled in a separate heap and stamped with his own stamp. When a whole Golah is stored with Salt of a single Manufacturer, the Golah will be secured with two locks, one key being kept by the Manufacturer and the other by the Golah Darogah. When a Golah contains the Salt of more than one Manufacturer, there will be only one lock, the key of which will be kept by the Golah Darogah.

8. The Registers of Chellans kept by the Aurung Assistant, and the Officer in charge of the Golahs, will be carefully compared by the Superintendent, for which purpose Extracts will be sent to him weekly; and if any despatch be not duly accounted for, or if any despatch appear to have been tampered with and the quantity received at the Depot from such despatch be deficient as compared with the Estimate, no Salt belonging to the party concerned will be allowed to be delivered from the Depot until the duty chargeable on the deficient quantity shall have been made good.

9. Salt will be delivered to purchasers from the Golahs, on the production of Permits to be obtained from the Board's Office in the manner described in Rule 5.

10. Wastage at the rates specified in the margin will be allowed in accounting for Salt stored under these Rules, and duty must be paid by the Manufacturer on any deficiency beyond the allowed wastage, which may not be accounted for to the Board's satisfaction. For the realization of this duty, a sufficient portion of the Salt may be detained and sold by Government.

			Md.	Srs.
First Quarter after Storage per	100 mounds.	2	10	
Second Do.	Do. Do.	3	10	
Third Do.	Do. Do.	3	30	
Fourth Do.	Do. Do.	4	0	

And an additional allowance at the rate of one mound per annum for Salt kept in store above one year.

11. The Salt of each year's manufacture will be kept separate, in order that the Accounts of each year's store may be duly made up.

12. Manufacturers, who may not choose to store their Salt at the fixed Depot, must make a deposit of the duty in Company's Paper before removing it, and the duty must be paid in full within six months from the close of the Season, that is, before the 1st December of each year. The Salt must be weighed before removal and an excess of 3 per cent. above the quantity registered for duty will be allowed for wastage. Salt so removed will be protected by special Passes, to be filled up and signed by the Superintendent, and after removal will be at the free disposal of the Manufacturer, subject only to the provisions of Section 46 Regulation X. of 1819. Manufacturers intending to remove their Salt under this Rule must give notice to the Superintendent at the commencement of the Season.

13. The manufacture will be closed on or before the 31st May, and all Salt must be removed from the Aurungs not later than the 15th June. Any Salt remaining in the Aurungs after

that date will be liable to be destroyed by the Supervisor's Officers.

14. For a breach of any of the provisions of the Rules, the Licence of the party offending will be liable to be immediately withdrawn, and, in the event of smuggling or connivance at smuggling being proved against the Manufacturer or his duly-authorized Agent, the whole of the Salt manufactured or stored by him will be liable to confiscation.

15. Applicants before receiving their Licences will be required to bind themselves to accept and abide by the conditions embodied in the foregoing Rules.

16. Should any individual or Joint Stock Company desire to manufacture Salt on a large scale elsewhere than in the locality above described, Licences will be granted for such manufacture, provided the site chosen appear on enquiry suitable for the purpose, and a compliance with the application be otherwise unobjectionable. The foregoing terms, except in so far as they may be in part modified by special conditions to be entered in the Licence, will be applicable to Licences granted under this Rule.

No. 1083.

Notification.

It is hereby notified, that the Kurkutch Salt imported from the Madras Coast is deliverable to purchasers at the rate of 320 Rupees per 100 maunds.

By Order of the Board of Revenue,

A. R. YOUNG,

Offg. Junior Secretary.

Fort William.

The 19th October 1854.

No. 1039.

Notification.

APPLICATIONS for Licences will be received by the Board of Revenue, and also by the Superintendent of the Barripore Salt Chokies, for transmission to the Board.

from parties desirous to engage in the manufacture of Salt under an Excise system. A portion of the Sunderbuns, known as the Tuffal Aurangs, of the late 24-Pergunnahs Salt Agency, has been specially set apart for this purpose, and Licences to manufacture will be granted to applicants on the following terms and conditions:—

1. The Sunderbun Lots 131 and 132, in the first instance, afterwards Lot 149, and subsequently Lots 127, 128, 150, 151 and 152, in such order as may hereafter be judged expedient, will be made available for the manufacture of Salt on a system of Excise.

2. Lands suitably situated in the above locality will be divided into allotments of 50 beegahs each and rented at the rate of one anna per beegah, to parties engaging to manufacture not less than maunds 2,000 of Salt per annum. Each new allotment must be contiguous to the one last granted, or as nearly so as the nature of the ground will admit; but any number of allotments may be assigned to a single individual, on his satisfying the Board of his ability and *bona fide* intention to work them. The rent of the lands must be paid half at the beginning and half at the end of the Season.

3. The supervision of the manufacture will be entrusted to the Superintendent of the Barripore Salt Chokies, assisted by an establishment, whose duty it will be to take an account of the daily manufacture of each Khalary and to prevent mal-practices.

4. The Salt when made, may, at the option and convenience of the Manufacturer, be delivered to purchasers from the Aurangs or stored in Golahs, which will be provided by Government, free of charge; or a Manufacturer may, if he prefers it, under certain conditions, remove his Salt to be stored elsewhere than in the Government Golahs. In each case the following Rules must be observed:—

5. When Salt is sold for delivery from the Aurangs, the amount of duty leviable upon it, at the rate of Rupees 2-8 per maund, must be paid into the General Treasury, and on production of receipts for such payment, Permits will be granted at the Board's Office for the protection of the Salt, in the same manner as in the case of Salt imported by Sea. The weightment on delivery must be made in presence of one of the Supervisor's Officers, and the Permit must be endorsed by the Aurang Assistant.

6. When Salt is to be removed for the purpose of being stored in the Government Golahs (which for the present will be established at Brangundee,) the Boats must be laden and the Salt stamped over in the presence of one of the Supervisor's Officers. It will then be transported to the Golahs by a certain prescribed route under Chellauns, specifying the quantity by Coot measurement. The Chellauns will be numbered and signed and the Boats passed by the Aurang Assistant, who will keep a Register of the Chellauns. On arrival at the Golahs, the despatch will be examined by the Officer in charge of the Golahs, the condition of the Stamps noted, and the Chellaun registered. The Salt will then be weighed into store and the result of the weightment entered in the Chellaun Register, as well as in the Store Account to be kept by the Golah Darogah. The expense of weighing the Salt into store will be borne by the Manufacturer.

7. Each Manufacturer's Salt will be piled in a separate heap and stamped with his own stamp.

When a whole Golah is stored with Salt of a single Manufacturer, the Golah will be secured with two locks, one key being kept by the Manufacturer and the other by the Golah Darogah. When a Golah contains the Salt of more than one Manufacturer, there will be only one lock, the key of which will be kept by the Golah Darogah.

8. The Registers of Chellanns kept by the Aurung Assistant, and the Officer in charge of the Golahs, will be carefully compared by the Superintendent, for which purpose Extracts will be sent to him weekly; and if any despatch be not duly accounted for, or if any despatch appear to have been tampered with and the quantity received at the Depot from such despatch be deficient as compared with the Estimate, no Salt belonging to the party concerned will be allowed to be delivered from the Depot until the duty chargeable on the deficient quantity shall have been made good.

9. Salt will be delivered to purchasers from the Golahs, on the production of Permits to be obtained from the Board's Office in the manner described in Rule 5.

10. Wastage at the rates specified in the mar-

First Quarter after Storage per				Md.	Srs.	gin will be allowed in ac- counting for Salt stored under these Rules, and duty must be paid by the
100 maunds.						
Second Do.	Do.	Do.		2	10	
Third Do.	Do.	Do.		3	10	
Fourth Do.	Do.	Do.		3	20

And an additional allowance at the rate of one maund per annum for Salt kept in store above one year.

Manufacturer on any deficiency beyond the allowed wastage, which may not be accounted for to the Board's satisfaction. For the realization of this duty, a sufficient portion of the Salt may be detained and sold by Government.

11. The Salt of each year's manufacture will be kept separate, in order that the Accounts of each year's store may be duly made up.

12. Manufacturers, who may not choose to store their Salt at the fixed Depot, must make a deposit of the duty in Company's Paper before removing it, and the duty must be paid in full within six months from the close of the Season, that is, before the 1st December of each year. The Salt must be weighed before removal and an excess of 3 per cent. above the quantity registered for duty will be allowed for wastage. Salt so removed will be protected by special Passes, to be filled up and signed by the Superintendent, and after removal will be at the free disposal of the Manufacturer, subject only to the provisions of Section 46 Regulation X. of 1819. Manufacturers intending to remove their Salt under this Rule must give notice to the Superintendent at the commencement of the Season.

13. The manufacture will be closed on or before the 31st May, and all Salt must be removed from the Aurungs not later than the 15th June. Any Salt remaining in the Aurungs after that date will be liable to be destroyed by the Supervisor's Officers.

14. For a breach of any of the provisions of the Rules, the Licence of the party offending will be liable to be immediately withdrawn, and, in the event of smuggling or connivance at smuggling being proved against the Manufacturer or his duly-authorized Agent, the whole of the Salt manufactured or stored by him will be liable to confiscation.

15. Applicants before receiving their Licence will be required to bind themselves to accept and abide by the conditions embodied in the foregoing Rules.

16. Should any individual or Joint Stock Company desire to manufacture Salt on a large scale elsewhere than in the locality above described, Licences will be granted for such manufacture, provided the site chosen appear on enquiry suitable for the purpose, and a compliance with the application be otherwise unobjectionable. The foregoing terms, except in so far as they may be in part modified by special conditions to be entered in the Licence, will be applicable to Licences granted under this Rule.

Notice.

It is hereby notified, that measures are in progress for discontinuing the sale of Salt by retail from the Government Depôts on the Mainland of Bulloah and the Island of Dukhin Shabazpore.

From the 1st January 1855, all the Retail Chokies on the Mainland will be closed with the exception of that at Booderan, where a Stock of Salt will be stored and sold wholesale and retail till such time as there is reason to suppose that arrangements have been made by private Traders for keeping up a constant and adequate supply. Similarly in the Island of Shabazpore, a single Depôt for the wholesale and retail sale of Salt will be maintained at Dowlat Khan.

The Salt delivered from the Depôts will, for the present, be Arracan Salt, and the price, Rupees 3.45 per 100 maunds on purchases of 100 maunds and upwards. Payments on such purchases must be made into the Bulloah Treasury, and Rowannabs to protect the Salt will be granted by the Superintendent of the Bulloah Salt Chokies. For quantities less than 100 maunds, the price will be rupees 3.8 per maund, and the Golah Darogahs will grant Chars for the removal of Salt purchased in such

small quantities; but no sales of less than 5 maunds at a time will be allowed.

Rownnah Salt will be allowed free admission both in Shabazpore and on the Mainland, and the prices at the Depôts have been purposely so fixed as to give fair encouragement for a regular trade on the part of private Merchants.

By Order of the Board of Revenue,

A. R. YOUNG,

Offg. Junior Secretary.

Fort William,
The 25th September 1854.

No. 1089.

Notification.

APPLICATIONS for Licences will be received by the Board of Revenue, and also by the Superintendent of the Barrapore Salt Chokies, for transmission to the Board, from parties desirous to engage in the manufacture of Salt under an Excise system. A portion of the Sunderbuns, known as the Tuffal Aurungs, of the late 24-Pergunnahs Salt Agency, has been specially set apart for this purpose, and Licences to manufacture will be granted to applicants on the following terms and conditions:—

1. The Sunderbun Lots 131 and 132, in the first instance, afterwards Lot 149, and subsequently Lots 127, 128, 150, 151 and 152, in such order as may hereafter be judged expedient, will be made available for the manufacture of Salt on a system of Excise.

2. Lands suitably situated in the above locality will be divided into allotments of 50 beegahs each and rented at the rate of one anna per beegah, to parties engaging to manufacture not less than maunds 2,000 of Salt per annum. Each new allotment must be contiguous to the one last granted, or as nearly so as the nature of the ground will admit; but any number of allotments may be assigned to a single individual, on his satisfying the Board of his ability and bona fide intention to work them. The rent of the lands must be paid half at the beginning and half at the end of the Season.

3. The supervision of the manufacture will be entrusted to the Superintendent of the Barrapore Salt Chokies, assisted by an establishment, whose duty it will be to take an account of the daily manufacture of each Khalary and to prevent mal-practices.

4. The Salt when made, may, at the option and convenience of the Manufacturer, be delivered to purchasers from the Aurungs or stored in Golahs, which will be provided by Government, free of charge; or a Manufacturer may, if he prefers it, under certain conditions, remove his Salt to be stored elsewhere than in the Government Golahs. In each case the following Rules must be observed:—

5. When Salt is sold for delivery from the Aurungs, the amount of duty leviable upon it, at the rate of Rupees 2-8 per maund, must be paid into the General Treasury, and on production of

receipts for such payment, Permits will be granted at the Board's Office for the protection of the Salt, in the same manner as in the case of Salt imported by Sea. The weighment on delivery must be made in presence of one of the Supervisor's Officers, and the Permit must be endorsed by the Aurung Assistant.

6. When Salt is to be removed for the purpose of being stored in the Government Golahs (which for the present will be established at Bungundee,) the Boats must be laden and the Salt stamped over in the presence of one of the Supervisor's Officers. It will then be transported to the Golahs by a certain prescribed route under Chellauns, specifying the quantity by Coot measurement. The Chellauns will be numbered and signed and the Boats passed by the Aurung Assistant, who will keep a Register of the Chellauns. On arrival at the Golahs, the despatch will be examined by the Officer in charge of the Golahs, the condition of the Stamps noted, and the Chellaun registered. The Salt will then be weighed into store and the result of the weighment entered in the Chellaun Register, as well as in the Store Account to be kept by the Golah Darogah. The expense of weighing the Salt into store will be borne by the Manufacturer.

7. Each Manufacturer's Salt will be piled in a separate heap and stamped with his own stamp. When a whole Golah is stored with Salt of a single Manufacturer, the Golah will be secured with two locks, one key being kept by the Manufacturer and the other by the Golah Darogah. When a Golah contains the Salt of more than one Manufacturer, there will be only one lock, the key of which will be kept by the Golah Darogah.

8. The Registers of Chellauns kept by the Aurung Assistant, and the Officer in charge of the Golahs, will be carefully compared by the Superintendent, for which purpose Extracts will be sent to him weekly; and if any despatch be not duly accounted for, or if any despatch appear to have been tampered with and the quantity received at the Depôt from such despatch be deficient as compared with the Estimate, no Salt belonging to the party concerned will be allowed to be delivered from the Depôt until the duty chargeable on the deficient quantity shall have been made good.

9. Salt will be delivered to purchasers from the Golahs, on the production of Permits to be obtained from the Board's Office in the manner described in Rule 5.

10. Wastage at the rates specified in the mar-

			Md.	Srs.	gin will be

Second Do. Do. Do.	3	10			Salt stored

Manufacturer on any deficiency beyond the allowed wastage, which may not be accounted for to the Board's satisfaction. For the realization of this duty, a sufficient portion of the Salt may be detained and sold by Government.

11. The Salt of each year's manufacture will be kept separate, in order that the Accounts of each year's store may be duly made up.

12. Manufacturers, who may not choose to store their Salt at the fixed Depôt, must make a

deposit of the duty in Company's Paper before removing it, and the duty must be paid in full within six months from the close of the Season, that is, before the 1st December of each year. The Salt must be weighed before removal and an excess of 3 per cent. above the quantity registered for duty will be allowed for wastage. Salt so removed will be protected by special Passes, to be filled up and signed by the Superintendent, and after removal will be at the free disposal of the Manufacturer, subject only to the provisions of Section 46 Regulation X. of 1819. Manufacturers intending to remove their Salt under this Rule must give notice to the Superintendent at the commencement of the Season.

13. The manufacture will be closed on or before the 31st May, and all Salt must be removed from the Aurungs not later than the 15th June. Any Salt remaining in the Aurungs after that date will be liable to be destroyed by the Supervisor's Officers.

14. For a breach of any of the provisions of the Rules, the Licence of the party offending will be liable to be immediately withdrawn, and, in the event of smuggling or connivance at smuggling being proved against the Manufacturer or his duly-authorized Agent, the whole of the Salt manufactured or stored by him will be liable to confiscation.

15. Applicants before receiving their Licences will be required to bind themselves to accept and abide by the conditions embodied in the foregoing Rules.

16. Should any individual or Joint Stock Company desire to manufacture Salt on a large scale elsewhere than in the locality above described, Licences will be granted for such manufacture, provided the site chosen appear on enquiry suitable for the purpose, and a compliance with the application be otherwise unobjectionable. The foregoing terms, except in so far as they may be in part modified by special conditions to be entered in the Licence, will be applicable to Licences granted under this Rule.
